

Are you interested in outreach?  
Want to show middle school girls how exciting STEM can be?

**Girls' Science Day is back and looking for volunteers!**

Girls' Science Day is one of the largest science outreach events at Columbia. Every semester, approximately 150 middle school girls come to campus and we conduct fun STEM-related experiments with them. To pull this off, we need volunteers to help us chaperone the girls, design and lead experiments, organize logistics, and much more. This is a great opportunity for you to gain experience in outreach, meet new people, and work with young students who are excited about science!

Girls' Science Day Spring 2025 will take place on **Saturday, April 5th** .

If you are interested in volunteering and would like to learn more about the available volunteer positions, please attend our virtual Info Session:

**Wednesday, February 26th @ on Zoom**

**Info Session Zoom link:**

Password: 8i8fP0

The forms to sign up as a volunteer for Girls' Science Day are live and will close on **Tuesday, March 4th!** Please sign up using the links below:

**Volunteer Form** and **Experiment Submission Form**

[You are required to fill out the Volunteer Form to be included in this event as a volunteer. The Experiment Form is for those who have an idea for an experiment they want to conduct as an Experiment Leader - this is not required to fill out.]

*Note: Volunteer positions are open to Research Associates, Graduate students, and Post-docs of all genders! If you know someone that has a fun experiment idea or might be interested in volunteering, please pass this along to them! Attending an info Session not required to volunteer.*

To learn more (additional dates & deadlines) and sign up to volunteer, visit our [website](#). Volunteer and Experiment Submission Forms will go live soon.
